

include/temu-c/Support  
/Logging.h

```
graph BT; A["include/temu-c/Bus/PCI.h"] --> B["include/temu-c/Support/Logging.h"]
```

The diagram illustrates a dependency between two header files. A white box at the bottom, labeled 'include/temu-c/Bus/PCI.h', has a blue arrow pointing upwards to a gray box at the top, labeled 'include/temu-c/Support/Logging.h'. This indicates that the PCI.h file includes the Logging.h file.
