

include/temu-c/Support  
/Logging.h

```
graph BT; A["include/temu-c/Bus/PCI.h"] --> B["include/temu-c/Support/Logging.h"]
```

The diagram illustrates a header file dependency. A box at the bottom contains the text 'include/temu-c/Bus/PCI.h'. A blue arrow points vertically upwards from this box to a second box above it. The second box contains the text 'include/temu-c/Support/Logging.h'. The top box has a light gray background, while the bottom box has a white background. Both boxes have a black border.
