

temu-c/Support/Scheduler.h

```
graph TD; A[temu-c/Support/Scheduler.h] --> B[stdint.h]; A --> C[temu-c/Support/Attributes.h];
```

The diagram illustrates the header file dependencies for `temu-c/Support/Scheduler.h`. It is represented as a box at the top with a gray background. Two blue arrows originate from the bottom of this box, pointing downwards to two other boxes. The left box, labeled `stdint.h`, has a light gray background. The right box, labeled `temu-c/Support/Attributes.h`, has a white background. This visualizes that `Scheduler.h` includes both `stdint.h` and `Attributes.h`.
